

Paron Industries Inc.

Quality Manual

QUALITY POLICY

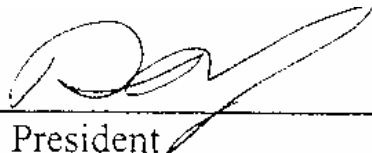

Paron Industries Inc. fabricates and assembles customer's components, develops processes for new products and provides blasting and applies protective coatings to customer requirements.

We are committed to meeting and exceeding our customer's and the industry's expectations in product conformity, quality and value. This will be accomplished through an ongoing commitment to continual improvement, team involvement and employee development.

Paron Industries Inc. has created an environment for continual improvement of its processes and services and utilizes ISO 9001 as its quality platform.

Quality objectives are established and reviewed during ongoing management reviews of the quality system. Customer satisfaction is addressed through the effective application of the quality management system, including processes for continual improvement and the prevention of nonconformity.

Paron Teamwork + Quality = Satisfied Customers
